

Introduction: The player evaluation form was designed to be used by coaches when evaluating players in conjunction with the Level 1 Learn to Play Program. The information provided on this form will be used to identify areas for skills development and in subsequent years to create equal and fair house league teams.

How to use the answer key: For each skill that is applicable for your player, identify the level that best describes the player and mark it on the evaluation form. Do not complete the pitching and back-catching section if your player has never played that position.
